

GOING....GOING....GONE...THE NEW ZEALAND WAY OF LIFE!

Wednesday 17th April 2019

When the first Census was ever undertaken in New Zealand in 1851, 93.35% of our population identified with Christianity. As recent as 1991, 71% of our population identified with Christianity. Therefore historically, we enjoyed a New Zealand way of life that was productive, happy and safe. Huge shifts away from our founding faith is commensurate with the rise in crime, decline in public safety and general wellbeing. It's a fact that Western countries are founded on Christian values, whereas Eastern and third world countries are founded on other religions that are not Christian. Could this be why we now see the mass migration, immigration and the refugee problems coming from Eastern and third world countries, into the West?

In New Zealand there has been an agenda insidiously at work to displace our National Identity and undermine our Christian heritage. If you don't believe me, here are a few facts:

- PM Rt. Hon. John Key unsuccessfully attempted to change our New Zealand flag with a referendum costing \$21.8 million. (June 14 2016, NZ Herald).
- Once upon a time the Bible was always sworn upon in our New Zealand court of law. Now, one is legally entitled to refuse to swear on the Bible.
- There are calls to change our National Anthem, God Defend New Zealand, with Winston Peters hinting he would support a referendum to this effect (Sep 21, 2017 – 1 NEWS)
- The Secular Education Network has put so much pressure on schools that they have successfully removed 'Bible in Schools' from the majority of our public schools. This is despite the Education Act of 1964 allowing schools to hold religious instruction classes. This matter is presently being heard in the High Court as individuals push for a law change to permanently ban religious instruction.
- The Name of Jesus Christ was removed from the parliamentary prayer by Speaker of the House, Rt. Hon Trevor Mallard, despite some form of Christian prayer having been used in parliament since 1854. (2017)
- However, PM Rt. Hon. Jacinda Ardern allowed the opening of Parliament after the Christchurch massacre with an Islamic Cleric chanting an Islamic prayer. This has got to be an abuse of her executive powers.
- PM Rt. Hon. Jacinda Ardern has said she expects New Zealand to become a Republic within her lifetime. This is despite the important relationship between Maori and the crown with Te Tiriti o Waitangi, upon which our nation is built. (30 Mar 2018, NZ Herald)
- Hon. Andrew Little is fast tracking a law review of the Hate Speech, potentially limiting our rights to Freedom of Speech and religious expression (2019)
- Recent Anzac Day commemorations have been cancelled and down-played as a result of the Christchurch massacre, despite our New Zealand war veterans fighting for God, for King, for country. (2019)

In the words of Karl Marx, 'Take away the heritage of a people, and they are easily persuaded'.

It is concerning to see our National Identity, who we are as Kiwis and New Zealanders, being eroded and removed! The results of this are as follows....

- The blatant and discriminatory treatment in our system towards traditional Christian views. We are now the most persecuted religion in the world.
- We have lost our Spiritual life and therefore healthy values.
- We have mocked and ridiculed the truth of God's Word and replaced it with liberal self-centred 'me-ism'.
- We welcomed in other gods and called it multi-culturalism.
- We have glamorized perversion and called it an alternate lifestyle.
- We are calling Hate Speech on Freedom of Speech when it offends another.
- Racism and discrimination is a result of lost nationhood between two people, Maori and Pakeha.
- We have rewarded laziness and called it welfare.
- We have murdered millions of the unborn and called it 'Choice'.
- We have the worst rates of suicide in the world – yet we now want the choice to commit suicide by calling it euthanasia.
- We have abused power and called it politics.
- We wasted and irresponsibly misused tax-payer money and called it essential expenses.

- We have full prisons of our indigenous people, being a UN embarrassment, yet the Justice Department hires a private British Prison contractor to run our prisons with a contract rewarding them with bonuses for full prisons.
- We have trampled over and progressively discarded the New Zealand way of life that our World War soldiers fought and died for.
- We've allowed the family unit to be compromised because of free expression lifestyles.
- We've allowed minority groups, such as the Alphabet (LGBTQ) community, to have an overrepresentation at all levels of society, with all the rights and all the say, and your average New Zealand Kiwi's now appear to have virtually no rights.

I'll leave the final word, with the Word of God: Acts 17:26 *"And He made from one man every nation of mankind to live on the face of the earth, having determined their appointed times and the boundaries of their lands and territories."* (AMP)
